Looking forward to an opportunity for working and Detail-oriented and motivated Quality Assurance Analyst with 1 year of hands-on experience in both manual and automated testing environments. Proficient in creating and executing test cases, identifying bugs, and ensuring software quality across web and mobile platforms. Skilled in API testing using Postman and automation testing with Selenium, with a strong grasp of SDLC processes. Effective communicator with excellent problem-solving abilities and a keen eye for detail, committed to delivering high-quality software solutions in fast-paced, collaborative environments. Interpersonal and problem-solving abilities.

EXPERIENCE

Quality Assurance Analyst

Butwal

Skill Prompt

Apr, 2023 - Feb, 2024

Designed and executed manual and automated test plans. - Conducted bug identification and coordinated resolution with the development team. - Utilized Postman for API testing and Selenium for automation scripts. - Collaborated in Agile development cycles and contributed to design reviews. - Documented test cases and reported testing outcomes for multiple web and mobile applications.

Web Developer (Intern)

Butwal

Moha Creatives

Nov, 2022 - Mar, 2023

Contributed to front-end web development using HTML, CSS, and JavaScript. - Supported UI/UX enhancement initiatives and bug fixes.

Quality Assurance

Remote

splitlab

Nov, 2025 - Apr, 2026

Worked as a QA Engineer remotely for 6 months on an ad tracking platform, where I performed testing on ad tracking products to ensure accurate tracking of user interactions and campaign performance. I tested and validated A/B testing and Multivariate Testing (MVT) experiments, ensuring correct variant behavior and data consistency. Additionally, I conducted API testing using Apidog to verify endpoints and data flow. My responsibilities also included UI and functional testing, validating event tracking and pixel firing.

EDUCATION

Lumbini Engineering and management college

Rupandehi, Bhalwari

Tilottama higher secondary school

Jul, 2016 - Aug, 2017

PROJECTS

•Electronic Billing System

HTML, CSS, JS based billing platform.

•E-library Management System

Web app for managing digital libraries.

•Electronic Gadgets E-commerce

Full-stack e-commerce solution.

TRAINING/CERTIFICATIONS

•Advanced Web Development (HTML, CSS, JS, PHP)

- Mobile App development (Android studio using JAVA)

Cloud Computing

Lumbini Engineering and Management College

Cloud Computing

Lumbini Engineering and Management College
